Dear Municipal Clerks & Council Members,

ElectHER Now is a non-partisan community volunteer organization founded in 2021, committed to encouraging women to run for municipal office in the 17 municipalities across Grey Bruce.

This April, we are running a four-part, Campaign School to present information for all candidates, volunteers and others who are interested in local municipal government. The four classes will be held online weekly (Tuesdays) and include informative videos, followed by a Question & Answer panel session.

Our Campaign School is open to all and participation is free. We are encouraging anyone who is interested to register to attend online at electhernow.ca/learning-events

We would greatly appreciate you circulating this letter to Council for their information, and posting the information on any physical or online event boards you may have in the municipality. Our poster is attached.

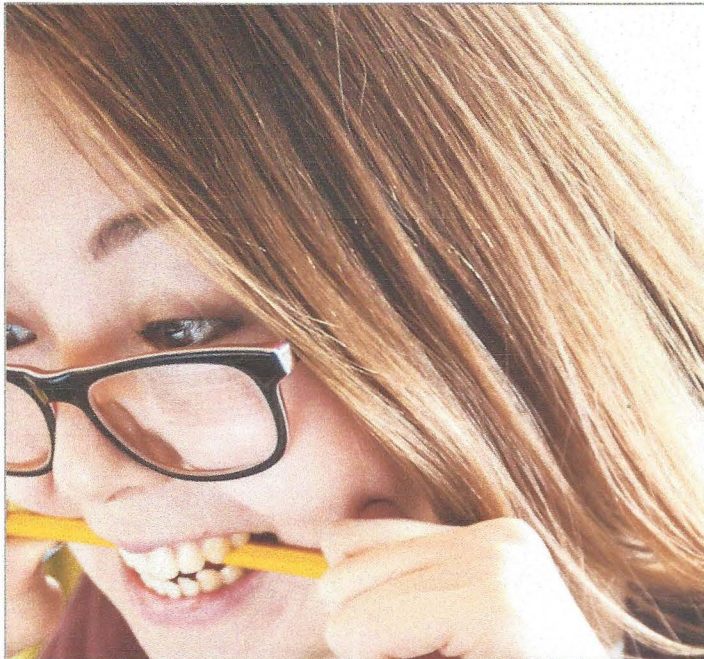

Thank you for considering this request, and for everything you are doing to serve our communities.

Sincerely,

A handwritten signature in blue ink that reads "Donna Beatty".
