RE: Saugeen River Watermain Crossing

Tenders were received on Monday, June 6, 2022 for the Saugeen River Watermain Crossing project, as summarized by the following table:

Tenderer	Corrected Tendered Amount (incl HST)
Omega Contractors Inc.	\$560,253.04
Avertex Utility Solutions Inc.	\$661,322.33

The Omega tender was found to be mathematically correct. The Avertex tender was found to have a math error of \$20.34. This error did not change the bidder's position. Both tenders were properly signed, and both were submitted with the specified tender deposit and Agreement to Bond. One addenda was issued during the tendering period and both bidders acknowledged the receipt of the addenda.

Since the lowest tender is acceptable contractually, and the tenderer is experienced infrastructure replacement and their directional drilling sub-contractor is experienced in directional drilling, further analysis is limited to the lowest bid. We are not aware of any reason why the contract should not be awarded to Omega Contractors Inc. for the total tender sum of \$560,253.04.

Please retain the tender deposits from the two low bidders until the contracts are formally signed.

Should you have any questions, please contact the undersigned.

Yours very truly,

B. M. ROSS AND ASSOCIATES LIMITED
