

CARGILL DISTRICT COMMUNITY FOUNDATION (CDCF)

999 Brant/Greenock Town Line-Box 29

Cargill, Ontario

N0G 1J0

Dear Members of Brockton Council;

The Cargill District Community Foundation, a newly formed Registered Non-Profit organization founded this year, replaces the Cargill and District Community Fund that was a past sub-committee of Brockton for many years. The newly formed foundation will be working for the Brockton Community for many years to come with it's dedicated volunteers while following its Vision and Mandate.

This past summer, a committee was formed to organize and host Cargill Homecoming 2024. This committee will be a sub-committee of the newly formed CDCF. This event is planned to be held August 1-5, 2024 at the Cargill Community Centre and park grounds.

This event will be a large- scale reunion within the hamlet of Cargill, with anticipated family friendly events for all ages. This event will be requiring the help of many volunteers and Brockton's service groups and in return supporting their organizations. There are an estimated 3000 attendees expected, that will be boasting tourism in Brockton.

We, the Executive of the CDCF, are kindly requesting seed money of \$20,000 to \$25,000 from Brockton, to aid in deposits for tents, children activities, rentals, parade bands, and weekend entertainment for all ages. If approved, the loan will be paid back within 60 days of the conclusion of the event.

If you have any question, please contact anyone from the list below.

We thank you for taking the time to consider this request.
