Subject: Source Water Protection Committee Appointment

Good morning,

I received a query regarding the appointment of a joint representative from our municipalities to the Saugeen, Grey Sauble, Northern Bruce Peninsula Drinking Water Source Water Protection Committee. For the past few years, John Fruin has been our joint representative on this committee. Mr. Fruin has confirmed his willingness to continue as a committee member for this term of council (2022-2026).

Should there be no other individuals that have indicated their interest in serving on this committee, I would recommend the appointment of Mr. Fruin to the Source Water Protection Committee. It is my understanding that each municipality is required to pass a motion re-appointing Mr. Fruin to this committee. Hanover will be passing their appointment by-law December 19th and I believe North Wellington is approving the appointment this week.

Please feel free to contact me if you have any concerns or if you require John's contact information.

Thank you,

Karren Wallace, Director Legislative Services/Clerk

Subject: FW: Source Water Protection Committee Appointment

Hi everyone,

Subsequent to my earlier email regarding the appointment of a representative to Source Protection Committee (SPC), I received a response from Carl Seider who is the Chair of the Committee. He confirmed that John Fruin's appointment doesn't expire until 2024. Our Region operates on a 5-year renewal cycle. He indicated that the Committee will not be renewing municipal representatives until later in 2023 and we should expect to receive a notice from the SPC.

We are in the process of preparing committee appointments and I jumped the gun in my eagerness.

Sorry for any confusion.
