Subject: RE: OPP Detachment Board Update - South Bruce - IMPORTANT

Good afternoon Kelly,

I want to thank you for taking my call earlier. It appears to me that a unanimous consensus within the detachment to establish this additional detachment board is lacking, which is required for the inaugural establishment of detachment boards. I recognize some communities have reservations about creating a second detachment board specifically for the Municipality of Brockton.

At this time, we will proceed with the initial proposed structure that has been approved for posting (one detachment board with all communities on that board) for the purpose of the regulatory posting to the Ontario Regulatory Registry (ORR). This structure is consistent with the correspondence you received on July 20th by the ministry.

A process will be outlined by the ministry which will allow for changes to the structure of OPP detachment boards in the future, once the *Community Safety and Policing Act, 2019* (CSPA), comes into force.

I appreciate the attention to detail and cooperation from all the communities in the South Bruce detachment.

Please do not hesitate to let me know if you have any questions or concerns.

Thank you once again,

Dev
