Good Afternoon,  
The Multi-Municipal Wind Turbine Group has changed to the Multi-Municipal **Energy** Working Group and adjusted its mandate.  
In light of the increased energy procurement efforts by the IESO, a number of concerns have been identified and the MMEWG is extending an invitation to Grey and Bruce Municipalities to join the MMEWG to support collaborated advocacy.

Please provide the attached to your Council's for their review and consideration.

Warm Regards,

**Julie Hamilton, Dipl. M.A.**
