Municipality of Brockton Council:

Larsen & Shaw Limited intends to expand our Walkerton facilities this year. This addition will incorporate new, modern, accessible office space, washrooms, lunchroom, and training facilities. It will include the creation of a QA Laboratory, Test & Training Center.

I am writing today to request an exemption from the Parkland Dedication Fee, \$1,035.12. We clearly understand the value and the need for parkland which is why Larsen & Shaw has a long history of proactively contributing significant funds to local health & recreation projects (Soccer Complex, Optimist park, Market Garden, Hospital Foundation, etc). We make these contributions willingly for the health and betterment of our community.

We would appreciate your consideration of this request based on our long-standing and on-going commitment to this municipality.

Respectfully,
Mary Jane Bushell
President & CEO
Larsen & Shaw Limited
