SUBJECT: Donation from CDCF

The Cargill District Community Foundation, CDCF is a Not-For-Profit Corporation committed to charitable and community needs enriching our communities through charity and service, now and for future generations. The past year we have performed a wide variety of local fundraising and community betterment projects and are now disbursing our fall intake of funds within the local community.

The Cargill District Community Foundation would like to present a donation to the Municipality of Brockton, a cheque for \$9,000.00. The money has been allotted to the painting of the hall and trim of the main building of the Cargill Community Centre. The painting to be completed prior to Cargill Homecoming August 2024.

Thank you from all of us, the "CDCF" members appreciate your contribution towards helping keep our park and community well maintained and we hope this donation will help in some way.

CDCF continues to fulfill our vision "to be a leader committed to charitable and community needs".

Yours sincerely,

Brian Dales
President – CDCF Executive
