

**The Corporation of the Municipality of Brockton - Council Meeting
Council Meeting**

Agenda Number: 8.2.
Number: 24-16-
Title: Motion - Unwilling Host for Wind, Solar and Battery Storage Projects
Date: Tuesday, June 4, 2024

Moved By: _____

Seconded By: _____

Whereas the Independent Electrical System Operator (the IESO) has issued procurements for wind turbine, solar energy, and battery energy storage system projects to receive contracts from the IESO;

And Whereas municipal endorsement is a component considered by the IESO for these types of projects;

And Whereas the excessive amount of time and work required to complete for municipalities to consider these projects for companies wanting to submit procurements to the IESO divert resources away from municipally-focused tasks and capital projects;

Now Therefore Be It Resolved That the Council of the Municipality of Brockton does not support the establishment of any wind turbine projects, solar energy projects, and battery energy storage projects within the Municipality of Brockton, further declaring its intent to be an unwilling host;

And Further That a copy of this resolution be forwarded to the IESO, and that the IESO be directed to advise potential applicants of this resolution.
