Subject: Landmark Lighting Request- November

Good morning, Sarah,

I am hoping you can help me with our landmark lighting request.

I am writing to you on behalf of Crohn's and Colitis Canada, a national, volunteer-based charity supporting the 322,000 Canadians living with inflammatory bowel disease (IBD), a chronic autoimmune disease that causes the body to attack healthy tissue, leading to inflammation of all or part of the digestive system.

People living with IBD, routinely endure abdominal pain, cramping, fatigue, internal bleeding, and frequent and urgent bowel movements, in some cases over 20 times a day.

November is Crohn's and Colitis Awareness Month, and landmarks across Canada are illuminated **red** in a show of support for everyone impacted by IBD.

I would like to request that Victoria Jubilee Hall be lit red on November 1, 2024 or any day in November excluding Remembrance Day, to join in on the national show of solidarity.

While more than 10 million people globally live with IBD, Canada has one of the highest prevalence rates in the world. We would be extremely appreciative if Victoria Jubilee Hall could be lit red as a show of Walkerton- and Canada's - determination to better understand the disease and to find a cure.

For more information on our organization, please visit www.crohnsandcolitis.ca

Many thanks for your consideration.
