5.1. Cell No.3 Expansion

The estimated cost of expansion is \$2,720,000 net HST. The reserve fund balance as of December 31, 2024 is \$1,841,606.75. A capital contribution of \$260,000 from each municipality is included in the 2025 budget. There will be a further \$400,000 transfer from reserve in 2025 towards this capital expense.

The tender for cell no. 3 expansion will be issued shortly with a closing date in March. A spring 2025 start is anticipated with project completed slated for mid-summer.

Tim Elphick advised that the Municipality of Brockton has not yet approved their 2025 budget or capital contribution towards expansion of cell no. 3. A further budget meeting is scheduled for February 11, 2025.
