5.1 Planning Report - Minor Variance - A-72-18.34 - Kennedy

John Ghent presented his Planning Report dated February 12, 2019 for the Minor Variance submitted by David Kennedy. The application requested relief from regulations within the Saugeen Municipal Airport zone and yards in that lot area. The purpose of the application was to build a hanger on the lot. The applicant is a pilot and needs relief from the yard as the surrounding properties along the street do not meet the existing requirements. The Official Plan is protects the airport zone. The application is consistent with the zoning provisions appropriate for development in the area. John Ghent explained that the request was minor with no adverse impact to abutting property owners. No agency issues were defined in the request for comments. The Town of Hanover passed the Minor Variance application and a letter from the Saugeen Municipal Airport Manager was presented in support of the application.

There were no questions from members of Council and no comments from the public about the application.
