

**The Corporation of the Municipality of Brockton - Council Meeting
Council Meeting**

Agenda Number: 7.3.
Number: 26-01-
Title: Amendment Request - Animal Control/By-Law Vehicle Replacement Reserve Contribution Reduction
Date: Monday, January 12, 2026

Moved By: Mitch Clark
Seconded By: Tim Elphick

Whereas the 2026 Animal Control / By-law budget includes a contribution of \$2,149 to reserves for vehicle repair and future replacement costs;

And Whereas historically, Animal Control / By-law vehicles have been leased rather than purchased, reducing the need for long-term vehicle replacement reserves;

And Whereas the current vehicles are relatively new, and the use of Toyota vehicles, which are generally reliable, reduces near-term repair and replacement risk;

And Whereas maintaining consistency with prior-year budgeting supports transparency and comparability;

Now therefore be it resolved that the 2026 reserve contribution for Animal Control / By-law vehicles be reduced from \$2,149 to \$1,750, aligning with the prior year's budget.
