Whereas the proposed 2026 General Government budget includes Line Item 1344 in the amount of approximately \$25,000 for Salary Review;

And Whereas Council has an obligation to ensure compensation practices are transparent, consistent, and aligned with Council direction and financial capacity;

And Whereas concerns have been raised that the current approach to salary reviews may result in ongoing upward pressure on specific staff compensation without sufficient Council oversight;

Now therefore be it resolved that General Government Line Item 1344 (Salary Review) be removed entirely from the 2026 budget
