Dear Mr. Brohman:

This year the Ministry of Natural Resources and Forestry (MNRF) and the Water and Erosion Control Infrastructure (WECI) Committee received and reviewed 122 applications from 28 conservation authorities. A total of 51 projects have been funded from the \$5 million MNRF grant allocation.

We are pleased to advise that the SVCA has been approved for one project under the Water and Erosion Control Infrastructure (WECI) program as outlined below.

Project ID	Project Name and Description	Project Cost	Provincial Share (50%)
R.19.041	Walkerton Flood Control Dyke Repair to Stormwater Outfall	\$50,000.00	\$25,000.00
Totals		\$50,000.00	\$25,000.00

We look forward to our continued partnership in the delivery of natural hazards management and prevention that assist the provinces in protecting human life, property and natural resources. We will be in contact shortly to provide details for completing your Transfer Payment Grant Agreement.

If you have any questions concerning the WECI Program please contact Scott Bates at (705) 755-1523 or scott.bates@ontario.ca.
