Dear Inspector Miller,

On behalf of the Brockton Police Services Board, Brockton Municipal Council and most importantly, the residents of the Municipality of Brockton, I would like to commend you and the officers involved in the August 2019 drug search warrant executed in Walkerton.

My understanding is that this warrant execution and the subsequent warrant executed in Huron-Perth resulted in a considerable amount of Methamphetamine being removed from the streets of our community and the community of Huron-Perth.

Please extend to the officers involved our thanks for a job very well done!

Respectfully,

Brian Read, Chair  
Brockton Police Services Board
