Subject: **2020 Bruce Power Summer Block Party**

Dear Mayor Peabody,

It is my pleasure to announce that Bruce Power has decided to hold its 2020 annual Summer Block Party on Saturday, July 18 in the Town of Walkerton within the Municipality of Brockton.

Drawing thousands of local residents and visitors each July, the Summer Block Party is Bruce Power's signature community event, enabling us to thank the communities in which our employees live, work and play for the tremendous level of support our site operations receive every day.

Focusing on family summer fun, this free, daylong event features circus-themed entertainment, food and a midway complete with rides for children of all ages. The fun will not stop there as it has always been our tradition to cap off the day with an exciting fireworks display at dusk.

We have made this decision to step out of our ongoing hosting rotation between the Municipality of Kincardine and the Town of Saugeen Shores on a one-time basis to help commemorate the 20th anniversary of the Walkerton water tragedy. It is our hope that the community will welcome this gesture as Bruce Power's way of helping the Municipality of Brockton mark this solemn occasion while also celebrating the achievements and leadership position that Walkerton has taken to help communities throughout Ontario safeguard their drinking water.

We look forward to working closely with municipal staff in the months ahead to ensure the 2020 Summer Block Party is a safe, successful and fun-filled day for everyone involved.

Sincerely and with respect,

A handwritten signature in blue ink, appearing to read "James Scongack".

James Scongack,
Executive Vice-President, Corporate Affairs and Operational Services
