

The Corporation of the Municipality of Brockton - Council Meeting

Agenda Number: 6.0
Number: 19-26-
Title: Modular Reactors
Date: Tuesday, December 17, 2019

Moved By: _____
Seconded By: _____

Whereas Deputy Mayor Gieruszak informed Council of the Municipality of Brockton that the Province has announced support for small modular reactors, the first of which will likely be operational in 2022.

And Whereas Deputy Mayor Gieruszak provided notice of a motion to be considered at the next Council meeting that the Municipality of Brockton initiate discussions with the Canadian Nuclear Safety Association, the Province of Ontario, the Government of Canada, Bruce Power, and the Nuclear Innovation Institute, to determine the feasibility and interest in establishing within the Municipality of Brockton a Centre of Excellence in the model of the Walkerton Clean Water Centre to ensure regulatory safety and training in the small modular reactors..
