

MUNICIPALITY OF BROCKTON MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT FOR SAUGEEN RIVERBANK EROSION

NOTICE OF COMMENCEMENT

THE PROJECT:

The Municipality of Brockton is initiating a Municipal Class Environmental Assessment (Class EA) process to address an ongoing erosion issue along the north bank of the Saugeen River adjacent to the Valleyside Drive subdivision at the north end of Walkerton. A number of approaches will be investigated to address the erosion problem, including: erosion protection installed at the toe of the slope, regrading of the slope, realignment of the river, improved drainage, relocating structures away from the hazard area, or a combination of the above.

THE ENVIRONMENTAL SCREENING PROCESS:

The planning for this project is following the environmental screening process set out for Schedule B activities under the Municipal Class Environmental Assessment process. The purpose of the screening process is to identify potential environmental impacts associated with the project and to plan for appropriate mitigation of any impacts. The process includes consultation with the public, stakeholders, First Nation and Métis communities, and government review agencies.

PUBLIC INVOLVEMENT:

Public input and comments are invited for incorporation into the planning and design of this project. Initial comments are welcomed and will be received until **July 3, 2020**, at the address listed below. Any comments collected in conjunction with the study, will be maintained on file for use during the project and may be included in project documentation. With the exception of personal information, all comments will become part of the public record.
