Lake Rosalind Property Owner's Association (LRPOA)

August 13th, 2019

Chris Peabody - Mayor
Steve Adams - Councillor
Chris Oberle - Councillor

This evening the LRPOA committee members held a general meeting. A motion was discussed regarding parking problems on Lake Rosalind Road 1. The problem is that parking occurs on both sides of the road today, and at times there is not enough room remaining for traffic to pass in the middle of the road. As a result, the road is completely blocked until someone is located to move one or more vehicles. Our primary concern is for safety, but convenience is also important for residents. There are times when fire, police or ambulance services cannot access beyond the road blockage.

To resolve the matter, we passed a resolution to request Brockton's help in implementing no parking along one side of both Lake Rosalind Road #1 and Road #5. Would Brockton Council kindly raise a motion to implement no parking on the West side of Lake Rosalind Road #1 (Lake Side).

Please let me know if you have any question or concerns. We appreciate your support.

Kind Regards
Doug Caughy - LRPOA Director
