

Town of East Gwillimbury: Letter of Reference

To Whom it may concern:

GrantMatch provides East Gwillimbury the tools needed to improve and grow as a municipality. We like the fact that when funding is available, we feel like we are given valuable advice and support on how to apply. The strategic advice provided by the GrantMatch team, along with inside tips on how to position projects, provides us confidence that we have the best chance of being successful. To us, reading eligibility requirements online is one thing, but having someone who understands how applications are going to be evaluated is crucial. This knowledge, combined with detailed project management, justifies the Town of East Gwillimbury's partnership with GrantMatch.

Regards,

Carolyn Brown - Manager of Development Finance
