

Funding Proposal – Bruce Power

Applicant: Municipality of Brockton
From: Mark Coleman, Director of Community Services
To: Kathy Alderdice, Corporate Affairs
Date: December 1, 2020
Project Name: Durham Street Park Development (former Wong property)

Objective:

The objective of this project is to design, consult and build a connecting space from the Catherine Street Municipal Parking lot to the downtown core of Walkerton via the undeveloped Durham Street Park lot secured by the municipality in 2020, situated between Walker's Landing Pub & Eatery and the RE/MAX Office. It will support local business events and become a gathering space for programming, eating space, washrooms and will have historic plaques, gardens and a water feature to connect with our legacy.

Description:

Using the services of a landscape architect/consultant working with Municipal Staff and Council members – draft a conceptual design, consult downtown and public stakeholders, present final design and costing to Council, obtain formal quotations/go to tender, award the various elements, start and complete construction of a "town square/green space" providing outdoor meeting/events space, park seating and programming space, permanent public fully accessible washrooms.

Start Date: January 2021

End Date: September 2021

Funds Requested:

\$50,000.00 to support equipment, walkway/garden materials, signage, lighting, washroom building and park furniture, signage and utility connection costs.

Total Budget: Upwards of \$100,000.00

Other Funding:

Municipality of Brockton \$25,000.00, BIA and individual businesses donations \$25,000.00. Some local businesses/contractors may donate their support services. There is tremendous support and energy from the BIA and adjoining businesses for this project to be realized and completed in 2021.
