Hi Sarah,

For this big a plaque on 3/16" aluminum, I am getting back a price of \$3456.00. This seems expensive to me so I am investigating other options.

Thanks,
Darren

Good morning Darren,

I have received an update from the Heritage Committee that they would like the new plaques to be similar to the Centretown Condos (Walkerton Public School) plaque that was installed in Fall 2015. I have attached the 2015 plaque design for reference.

It was 24 x 36" laser etched anodized aluminum.

I hope this assists you in the quote process.
Thank you,

Sarah Johnson, Dipl. M.A.

Hi Darren,

Thank you for this information. I will inquire if the Committee could provide an approximate size to better assist with obtaining a specific quote.

Sincerely,

Sarah Johnson, Dipl. M.A.

Hi Sarah,

You are probably looking for a cast Aluminum or Bronze plaque. Last time I priced something like that, they were in the \$500 range each plus install. Without knowing a size it is hard to be more specific than that.

Thanks,
Darren

Hi Darren,

Unfortunately the Committee has not made any decisions on the size either. They will likely be ordering two (2) plaques – one for a bridge and one for the Truax Dam.

If you could let me know what types of products, etc you would recommend that would be great and I will inform the Committee.

Thank you!

Hi Sarah,

Can you tell me an approximate size for the proposed sized and an estimated quantity?

Thanks,
Darren

Subject: Historic Plaque Quote

Good morning Darren,

The Brockton Heritage Committee is interested in obtaining a quote for historic plaques that they would like to install in 2021. Currently, there is no design in mind, but they would likely be similar to other communities that have a photo and explanation of historical significance. The plaques would need to be able to withstand a number of years/weather conditions.

Could you please provide me with a quote and details about what Holm Graphics could develop for this project?

If you would be able to send the quote prior to November 20th, that would be appreciated so it can be considered during 2021 Budget Deliberations.

Thank you,

Sarah Johnson, Dipl. M.A.
