- Sign powers down when no traffic present
- Programmable Speed Violator Flashing Strobe Light
- Ambient Light Sensor and Automatic Brightness adjustment
- Banding Mount Bracket
- Safe Pace Management Software
- Bluetooth

SafePace[®] Evolution 15FM

The Traffic Logix SafePace[®] Evolution 15FM variable message sign is a versatile display sign that allows you to customize messaging to each driver's behavior.

The versatile Evolution 15FM variable messaging sign offers the ability to display custom text, graphics, or speed display all on the compact, lightweight sign face. The flexible sign offers the ability to display either driver speed in full 15" digits with speed activated digit color changes or your choice of driver responsive text or graphics on the full matrix speed display sign.

Features

Compact design offers **all the features** and visibility you'd expect from a full size variable message sign.

Allows for **animated text or graphics** such as moving arrows or a scrolling message.

Unique light enhancing, anti glare lens system provides **brilliant visibility** even in poor lighting.

Dual Color Display: LED digit color can be programmed to change based on driver speed

Ultra low power consumption including the most power-efficient radar technology available and optional solar power.

High strength aluminum sign face and individual **optical lenses to protect against vandalism or theft.**

Stealth Mode allows the sign to collect baseline traffic data while speed display appears blank to motorists.

Includes **integrated flashing speed violator strobe** to alert speeding drivers.

Universal Mounting: Optional mounting brackets let you use one sign at multiple locations with the turn of a key.
