***The entire \$6900 of this grant will be put towards the online training platform FLMS. Both Walkerton and Elmwood departments have had to start using this software as it enables firefighters to train from places other than the station to better address the pandemic lockdowns – should we go into lockdown, the required knowledge elements of Ontario NFPA firefighter programs can be done during physical isolation therefore training does not stop. Further this software is aligned with the OFC and regional training centres so our staff are able to navigate the blended and online NFPA certification courses.***
