DESCRIPTION OF PROVISION OF RED CROSS SERVICES FOR LEVEL 3, 4 & 5 RESPONSE.

Core Principles

CRC operates in accordance with the Fundamental Principles. In addition, CRC recognizes that every action must be considered with a focus on the individual, family and community; that success is dependent on participation and community engagement in all aspects of work; and that every community is unique. Therefore, CRC will remain flexible to changing circumstances and responsive to new learning. CRC commits:

- to build and execute programs in collaboration with government actors and key stakeholders;
- that programs will recognize community capacity, assets and resilience, and will respect community priorities, culture and customs, acknowledging that people and communities are the decision makers for their recovery and rebuilding efforts;
- to hold itself accountable to both those CRC seeks to assist and those from whom the organization accepts resources;
- that programs will strive to not only meet basic needs but also reduce future vulnerabilities; and
- CRC will strive to not duplicate assistance and its programming is designed to avoid duplication

In order to meet these commitments, particularly around respecting community priorities, the Canadian Red Cross requires the flexibility to change the financial allocations and adjust the services offered under each project. In the event that there are insufficient funds to provide the programs and sub-programs requested, the commencement and/or continuation of service delivery may be contingent on additional funding being provided.

CRC can provide the following Services under this Agreement, upon request by the County and subject to the above considerations. These services are above and beyond the services that are provided in a Level 1 & 2 response and subject to mutual agreement of all parties:

- ☐ Registration

FUNDAMENTAL PRINCIPLES

Humanity	The International Red Cross and Red Crescent Movement, borne of a desire to bring assistance without discrimination to the wounded on the battlefield, endeavours, in its international and national capacity, to prevent and alleviate human suffering wherever it may be found. Its purpose is to protect life and health and to ensure respect for the human being. It promotes mutual understanding, friendship, cooperation and lasting peace amongst all peoples.
Impartiality	The Movement makes no discrimination as to nationality, race, religious beliefs, class or political opinions. It endeavours to relieve the suffering of individuals, being guided solely by their needs, and to give priority to the most urgent cases of distress.
Neutrality	In order to continue to enjoy the confidence of all, the Movement may not take sides in hostilities or engage at any time in controversies of a political, racial, religious or ideological nature.
Independence	The Movement is independent. The National Societies, while auxiliaries in the humanitarian services of their governments and subject to the laws of their respective countries, must always maintain their autonomy so that they may be able at all times to act in accordance with the principles of the Movement.
Voluntary Service	It is a volunteer relief movement not prompted in any manner by desire for gain.
Unity	There can be only one Red Cross or one Red Crescent Society in any one country. It must be open to all. It must carry on its humanitarian work throughout its territory.
Universality	The International Red Cross and Red Crescent Movement, in which all Societies have equal status and share equal responsibilities and duties in helping each other, is worldwide.
